CAPTURE FOUR OF TEN ✦ SEVENTH HOUR, 40TH MINUTE

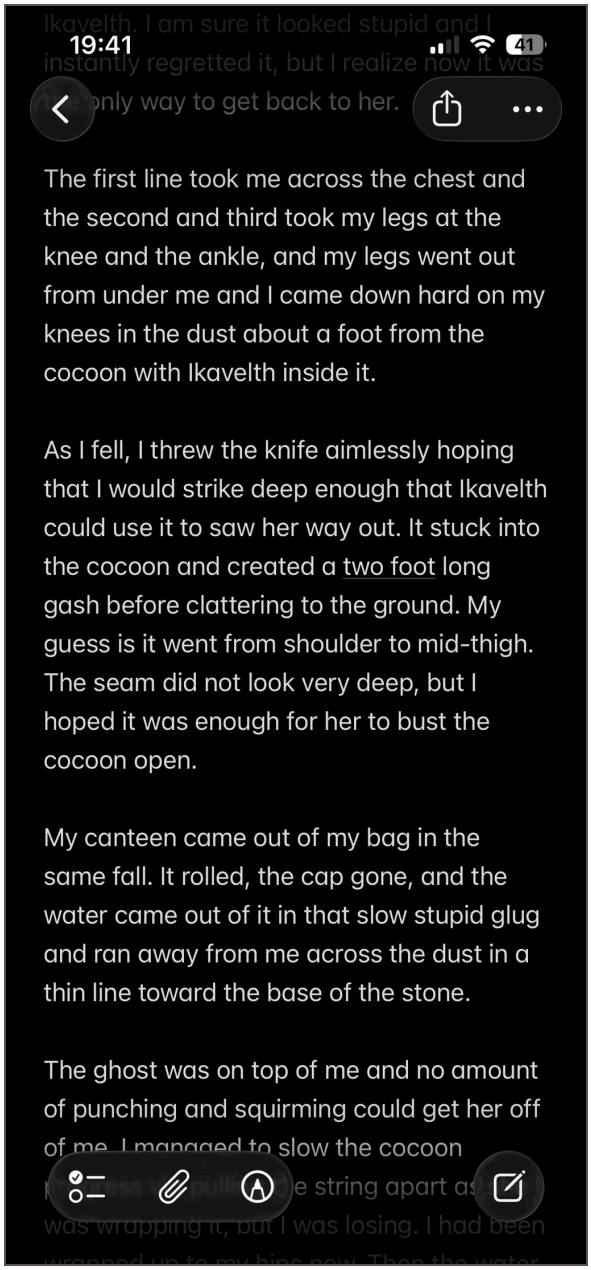

OFFICE NOTE

The figure described is likely the Guardian Illecebrosua, named in the Book of Flora, First Tablet. The description further corresponds in every particular to the ghost sighted in the Faded Lands and printed in our ninth compendium, the woman of the hollow house on the second-creek lane, which carries the insinuation that the ghost sighted there is the ghost of Illecebrosua herself.
